What is your overall feeling about Arth ?

It is one of the best health centres I have come across, with a cordial and courteous atmosphere.

Give us any observation of yours that made your stay/visit relatively comfortable/uncomfortable in the center

The visits were comfortable because of the friendly staff of all cadres providing personal attention.

Do you wish to compliment any staff for outstanding care and service? Kindly mention the name

By naming one, I would be denying ~~you~~ justice to others.

Would you recommend our services to friends/family, if yes, why ?

I feel there is some improvement in my problem (Spondylitis) but I would like to complete the course (of another two months) for the promised result before I recommend as the cost is considerable.

Kindly check box if you don't mind if Arth uses your full name and comments for promotional purposes
